

Ecoinformatics and Biodiversity - General safety instructions

- **Please familiarize yourself with the emergency response plan at Aarhus University:**
<https://medarbejdere.au.dk/en/administration/au-planning/emergency-response/>

- **Read the evacuation instructions**
(Signs and yellow and orange vests on each floor in all buildings)

On the 3rd floor of building 1540 the signs and evacuation vests are located next to the kitchen in room 323.

On the 2nd floor of building 1535 they are found next to the entrance to the library in the corridor.

Please locate the signs and the vests and read the instructions.

- **Memorize emergency exits and pathways.**
- **Memorize location of fire extinguishers**
- **Defibrillator is located on the ground floor at the main entrance in Building 1540**
- **Get to know the Environmental Health and safety info for the Department of Bioscience,** including general safety instructions when doing fieldwork:
