

DRIVING PERMIT FOR STUDENTS

In connection with driving Department cars

First name + last name			
Name of supervisor		AUID	
Student at <i>(pls. tick)</i>	Bachelor programme		Master programme
The permit is valid until:		<i>(expected end date of Biology study)</i>	

The permit is granted on the condition that

- the student has a **valid** driving license,
- that the student is enrolled and an active student at the Department of Biology,
- the cars are used only for driving, which is necessary for the student's project or teaching, and in cases where a university employee cannot drive.
- the student is familiar with and complies with existing rules for driving in Department cars. The rules are available on the study portal <https://studerende.au.dk/studier/fagportaler/biologi> and on the Biology staff page: <https://bio.staff.au.dk/facilities-and-services/official-cars>
- the student is informed that AU's insurance *does not* cover in the event of an injury while driving and should therefore take out a private accident insurance him/herself.
- the student agrees that the Department cars *may not* be parked at a private residence.
- If the driver is to violate the provisions of the Road Traffic Act, the driver will thus be personally obliged to settle a possible fine notice.

Date:

Signature/Biology Secretariat

Note: To be valid, the driving permit must be completed with an end date and signed by the Biology Secretariat.

I confirm that I agree with the above prerequisites for driving in the department cars.

Date:

Signature/student
